

WORLD-CLASS AQUARIUM PRODUCTS

# FLIPPER BRAND DECK

## 2025

# We are Flipper

A group of industry friends and entrepreneurs in Santa Barbara, California, passionate about keeping aquariums. We started Flipper in 2008 to make maintaining an aquarium easier by designing and manufacturing products based on real needs.

We are dedicated to providing the highest quality products possible. From our signature Flipper Cleaners, Platinum Scrapers, and DeepSee Viewers, we make keeping an aquarium cleaner more rewarding, faster to maintain, and promote discovery while keeping your hands dry.

# AQUARIUM CLEANING PRODUCTS

## Scrapers

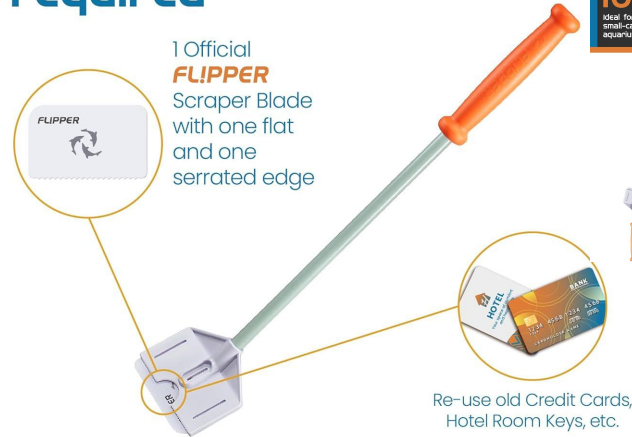

# Flipper Platinum Aquarium Scraper

## Glass and acrylic tanks

**Say hello to the most versatile scraper on the market.**

- Patent pending design allows it to be used with the included scraper as well as an old credit card, gift card, or hotel room key. Say goodbye to buying blades.
- Blade cards can be inserted in any direction for multiple levels of flexibility to get to even the most challenging patches of coralline or green algae.
- Cut your own custom blade card shapes for cleaning difficult curved or tight areas of your tank.
- Solid fiberglass matrix handle is practically indestructible.

## No replacement blades required

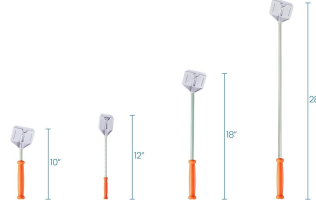

**4 DIFFERENT SIZES AVAILABLE**  
to ensure efficient cleaning across a range of fish tanks

**10"**  
Ideal for small-capacity aquariums

**12"**  
Nano ideal for small-capacity aquariums

**18"**  
Ideal for medium-capacity aquariums

**28"**  
Ideal for high-capacity aquariums

The aquarium scraper uses any old credit card, hotel room key, etc which can be inserted in any direction for multiple levels of flexibility

Item# PLAT-10, PLAT-18, PLAT-28

# Flipper Platinum NANO Scraper

## Glass and acrylic tanks

### Nano by size. Mighty by performance.

- When it comes to scrapers, one size does not fit all. The Flipper Platinum NANO aquarium scraper was designed to help glass and acrylic nano tanks clean.
- Made with a shallow scraper angle, ideal for the tight confines of nano tanks.
- Comes with a square credit card style blade that is safe to use on glass or acrylic.
- The blade can be inserted in any direction to access multiple different scraper edges. Or insert an old credit card, gift card, or hotel room key to make your own specialized blade.
- Never buy blades again.

Item# PLAT-NANO

# Flipper Platinum Scraper Replacement Blades

## Stainless Steel

### The ultimate GLASS scraper.

- **STAINLESS STEEL DESIGN**  
High-quality, corrosion-resistant, stainless steel blade.
- **PRECISION EDGE DESIGN**  
Great for removing pesky algae and keeping the glass as clean as possible. (GLASS TANKS ONLY)

### Platinum Aquarium Scraper Features

- For use with Flipper Platinum Credit Card Scrapers.
- High-quality corrosion resistant stainless steel blade.
- Great for tackling really hard algae.
- Dual-sided. Just flip it over for a brand new blade.
- Stainless steel blade only. Scraper sold separately.

Item# PLAT-CARD

# Flipper Platinum Scraper Replacement Blades

## Plastic

**No extra credit cards. Get replacement card scrapers.**

- **FLIPPER CONVENIENCE**  
Flipper Platinum scraper 10 pack replacement cards.
- **FLIPPER PLATINUM SCRAPER BLADES**  
These replacement blades can be inserted in any direction for multiple levels of flexibility.
- **NON-SCRATCH BLADE**  
The Platinum algae scraper blades feature a serrated edge that will not scratch glass or acrylic fish tanks.
- **PERFECT FIT**  
Compatible with the full range of Flipper Platinum algae scrapers, including the 10", 12" Nano, 18" or 28" aquarium cleaning tools.
